

### Summer '20 Captain's Information – Sand Volleyball

We're so happy to be coming back! As we work to get you back on the courts, things are going to be a bit different and we have several safety procedures in place. Before you register please read below for our guidelines regarding COVID-19 and the changes you'll be seeing as we take the court for the summer '20 season.

1. We are going to require a \$75 deposit for all sand volleyball teams that will be due when you register your team. This is to ensure you have read and relayed our new guidelines and requirements to your teammates, and that your team is committed to playing. This deposit will be applied to your team fee for the summer season.
2. We are no longer going to have officials keep score for your games. Each team will be expected to keep score as your games go on, and your official will write down the score as each game ends. At the end of the match each team captain will be expected to review the scores from the match and sign off on the score card, which will be submitted to PSL staff. Officials will help with court setup and take down, check all players in, sanitize game balls, monitor games, and help settle any disputes that may arise.
3. All players must be listed on the roster before they may play sand volleyball; any player who has not accepted their invitation to join the team will not be permitted to play. Each player will need to show the official a form of identification as they are checked in. Acceptable forms of ID will include anything that verifies you are who you say you are.
4. Rosters need to be finalized by 4pm the day of your first match. All players who wish to participate in any PSL sand volleyball match will need to accept their invitations to join your team **BEFORE** they take the court. Rosters will be sent out to officials at 4pm on game days, and any player who hasn't accepted your invitation to play by 4pm will be sent home – no exceptions. If you are concerned some of your players won't pay and join on time, you can invite your players first and invoice them after they accept the invitation.
5. As always, payment is due in full by your team's first game of the season.
6. This season there will be no t-shirt pick up days – we'll be bringing your team shirts directly to you! When you successfully register your team, you'll be required to choose three or four t-shirt colors. Once opening day rolls around, a PSL staff member will drop off your team shirts – don't worry, each team's bag will be labeled with the team and captain name so you know which shirts are yours!
7. We've made a few updates to our refund policy:

- a. A team deposit is to be paid by the captain upon registration for the PSL Summer '20 season. If recommendations from the CDC, state, or local governments order that leagues are to be canceled the following process will take place:
  - i. Full REFUND to teams/players if league is canceled prior to original scheduled start date (including deposit).
  - ii. Prorated CREDIT for remaining games issued for a future PSL season to teams/players once the season has started. This credit will not have an expiration date.
  - iii. No REFUNDS or CREDITS if leagues are canceled at the conclusion of the regular season. In lieu of playoffs to decide a league champion, a regular season champion will be acknowledged.
- b. **\*Any player or team that does not follow the written PSL and CDC guidelines will be removed from the league and NO refunds or credits will be issued.**
8. If your team is in need of extra players you can invite them directly through the free agent pool on your team homepage. This can be done by clicking 'manage team', then 'recruit free agents'. Any free agents who have registered for your league will appear and you can click 'invite' to invite a player to join your team.

If, after reading the above rules and guidelines, you have any questions please email [James](#) or [Ky](#). We at PUMP are committed to providing a safe atmosphere, and if you or your teammates plan on not following any of what is outlined above we ask that you do not register for the safety of others.

Sincerely,

Greg, Jaime, James, and Ky
